

GREAT TO MEET YOU AT INTERSEC 2026 – LET'S KEEP THE MOMENTUM GOING

Dear customers and business partners,

Thank you for the great exchange at **Intersec Dubai** at the booth of **Tabbara Electronics**.

As discussed, I'm sharing a compact overview of our smart solutions and direct access to our technical materials and demos.

About GSS Smart Solutions

We design and deploy smart system solutions for:

- IPTV & Streaming Systems
- Headend & Edge Computing Architectures
- Smart City & Security Infrastructure
- AI-supported Process Automation

Our focus is on scalable, carrier-grade systems with strong integration capabilities for operators, system integrators, and enterprise environments.

- [Download Center & GUI Demo Registration](#)

(Access technical documentation and register for graphical user interface demos of our systems.)

Would you like to discuss a specific use case or project requirements?

Please feel free to send us an inquiry – we would be delighted to schedule a meeting with you.

[Send your consultation request now.](#)

If you have a specific project, RFP, or technical requirement, feel free to reply directly to this email.
